

Dear residents and representatives,

We are pleased to advise that we remain COVID free for the moment. Our entry requirements remain consistent for the time being, masks are not required but proof of a negative RAT test is required prior to entry.

We are looking forward to Mother's Day this Sunday – a special day in our calendar. We will be open as usual for Mother's Day but ask that you let us know in advance if you are planning to take a resident out for lunch so that we can help them be ready on time.

We also note that this Sunday is also International Nurses Day – our nurses are the backbone of our care services at Boneham and we invite you to thank them for their care when you are visiting over coming days. We will be celebrating internally as well with some tasty treats.

You will have seen on our Facebook page a number of significant local donations towards the cost of our new resident's bus. We thank all of our donors for their generosity and are pleased to note that the bus arrival is no longer months away, we are now down to counting weeks. Residents and our Lifestyle team are starting to get very excited! Please keep the donations rolling in if you are able to support us in this project to improve our resident's access to activities and outings.

We wish all of our Mother's a very happy Mother's Day and hope to see many of you visiting this Sunday. As always, stay safe on our roads which are likely to be busier than usual.

Kind Regards

Michael Filsell  
Chief Executive Officer
